happy to report that she is now in remission, and I thank the friars heartily for their intercession with our Saint. St Anthony has performed yet another miracle. Thanks be to God. I am a believer in the power of prayer.

**P.E.; St. Peters; SA; Australia.**

*Fr. Paolo Floretta was one of three friars who left the Basilica in June with the mission to preach to the English-speaking world. The other two were Fr. Alessandro Ratti, who was in Canada and our editor, Fr. Mario Conte, who was in Ohio, USA. The friars do their best to fulfill St Anthony's mission of Gospel and Charity.*

*We are truly delighted that your great grandchild is now in remission. In reference to a healing brought about through prayer which occurred in the Shrine of Luján in Buenos Aires, where there was a family with a 9-year-old daughter who was very ill, Pope Francis said, "Prayer makes miracles. It even makes them for those*

*Christians who are lay faithful, priests or bishops who have lost devotion."*

*He then added, "the prayers of the faithful change the Church: it is not we, the popes, the bishops, the priests and nuns who bring the Church forward, it is the saints! And the saints are all those who are Christian." ♦*
